Guaranteed Parts and Service

A Promise from LandMark Implement

At LandMark, we pride ourselves on doing more to meet your parts and service needs. Our highly trained team of technicians, parts and service professionals are willing to go the extra mile for you with a commitment to providing the ultimate customer service.

We raise the bar with the standard John Deere warranty:

- 6-month warranty on John Deere parts purchased over the counter
- 1-year warranty on parts and labor for all non-maintenance items when repairs are installed by our factory trained techs **in the shop or in the field - no matter what color of equipment you operate**
- Extended store hours and extensive "on call" service and parts options
- Delivery between our locations with potential same-day service
- A choice for shipping options

LANDMARK IMPLEMENT 2026 CLINICS

As we work to set our dates for the 2026 clinic season, look for additional information at your local LandMark location, at www.landmarkimp.com/events, on Social Media, on the LandMark App or by joining our text alerts.

OPERATIONS CENTER

Contact your LandMark CTS for one-on-one training

NEW THIS YEAR! SPRING EQUIPMENT AND TECHNOLOGY CLINIC

Previously known as Planter & Sprayer Clinics

February 3-5 | Kearney, NE

Buffalo County Fairgrounds

FALL COMBINE CLINICS

August 4 | Hebron, NE

August 6 | Kearney, NE

FALL AIR SEEDER CLINIC

August 26 | Smith Center, KS

CAN'T ATTEND? LANDMARK CLINICS HAVE GONE VIRTUAL!

Over the past years, we've worked on creating a library of support videos for our combine clinic, wheat harvest clinic, air seeder clinic and portions of our planter clinic. These videos are in place to help growers who are unable to attend clinics or need a refresher before heading to the field.

You can find these videos on the LandMark app, at landmarkimp.com under the Precision Ag tab then Support Videos or on YouTube.com when you search LandMark Implement and click on Playlists.

Scan this QR Code to view all LandMark Implement Clinic Playlists →

▶ TRACTOR

CLINIC SCHEDULE ▶

in the field. This phone holder will be given to
everyone signing up for ag equipment,
skid steer, and power unit inspections.

*Gators and lawn mowers excluded.
See your LandMark Service Manager for details.

PROMOTIONS ▼

SERVICE ADD-ON PACKAGES

⚙️ FUEL SYSTEM FLUSH PACKAGE

With the advance in fuel systems during the last 15 years, fuel quality requirements have reached a new high. To achieve maximum efficiency and maintain the fuel system components in your engine, we are recommending a fuel system flush annually on all diesel engines built after 2002.

\$275 | UP TO 2 FULL SYSTEM FLUSHES TO CLEAN UP THE FUEL SYSTEM.

***RECOMMENDED TO COMPLETE ANNUALLY. DOES NOT INCLUDE REPLACEMENT ENGINE FUEL FILTERS OR FLUID FLUSH.**

Additional charge if more than 2 are required.

⚙️ SPRAYER SOFTWARE EVALUATION & UPDATE

With several controllers on today's sprayers and being heavily integrated with AMS components, the health of today's machines is very dependent on software. Let us update all of the sprayer's controllers and keep your machine up-to-date. We will also provide you with an engine utilization report on Tier 3 or 4 and newer machines.

\$275 | SERVICE ADVISOR HOOK UP, CLEAR CODES, UPDATE CONTROLLERS, PRINT ENGINE UTILIZATION REPORT.

⚙️ TRACTOR SOFTWARE EVALUATION & UPDATE

As tractors become more high tech and have 20+ controllers operating on them at one time, it is becoming more and more important to keep them up-to-date and keep them calibrated to the tractor. Let us check over your tractor's software, pull and clear codes, recalibrate the transmission for improved shifting and recalibrate your hitch. If your tractor has a Tier 3 or 4 engine, we will provide you with a report on the engine load profile over the life of the tractor.

\$275 | SERVICE ADVISOR HOOK-UP, CLEAR CODES, UPDATE CONTROLLERS, RECALIBRATE HITCH & TRANSMISSION, PRINT ENGINE UTILIZATION REPORT

⚙️ PLANTER/AIR DRILLS SOFTWARE UPDATE

Often there are new software updates that are released by Seeding Factory that can improve the performance of your monitoring systems. This only applies to SeedStar / SeedStar 2 / SeedStar XP / SeedStar 3 HP Systems.

\$75 | UPDATE PLANTER/AIR SEEDER AND/OR BLOCKAGE CONTROLLERS

Additional repairs and parts are not included in the inspection package.

All inspection programs prices subject to change.

⚙️ COMBINE & HAY EQUIPMENT SOFTWARE EVALUATION & UPDATE

With today's advanced and complex electrical systems on our combines, there might be as many as 22 controllers working on one combine at one time. With all this complexity, often the lack of a software update can mean downtime on the combine or at a minimum, operator frustration. Let us update your software to keep you at the cutting edge of the latest technology. If your combine has a Tier 3 or 4 engine, we will also provide you with a report on the engine load profile over the life of the combine.

\$275 | COMBINE \$50 | BALERS \$75 | WINDROWERS

Service ADVISOR Hook Up, Clear Codes, Update Controllers, Print Engine Utilization Report.

Parts not included on inspection, service or service maintenance prices. Talk to your Service Manager for residential discounts.

Some restrictions apply; other special rates and terms may be available.

SNOW BLOWERS

- Remove, Clean, Inspect, Install and adjust Snowblower Carburetor

\$75 | **INSPECTION AND SERVICE MAINTENANCE**

\$50 | **CARBURETOR REPAIR**

POWER UNITS

- Comprehensive Inspection and Tune-up Program
- Labor Only
- Lube adjust and check clutch operation

\$510 | **4-CYLINDER**

\$585 | **6-CYLINDER**

- Check and adjust engine timing
- Adjust valve clearance, replace cover gasket

SKID STEER LOADERS

- Check operation of electrical and safety systems
- Inspect axle bearings, chain cases and chains
- Inspect booms, pivots, and locks

\$380 | **30-POINT INSPECTION**

\$300 | **SERVICE MAINTENANCE**

\$450 | **FULL SERVICE**

- Check steering system, foot pedals & linkages
- Insure safety interlocks and operational
- Check hydraulic standby pressure

GATOR UTILITY VEHICLES

- Check powertrain and all electrical functions
- Inspect fuel and air systems

\$150 | **INSPECTION**

\$150 | **SERVICE MAINTENANCE**

- Inspect steering and brakes
- Change engine oil and filter
- Replace air filter, fuel filter and spark plug

RIDING & ZTRAK MOWERS

- Check powertrain and all electrical functions
- Inspect fuel and air systems

\$150 | **INSPECTION AND SERVICE MAINTENANCE**

- Level deck and sharpen blades
- Includes maintenance service labor

Parts not included on inspection, service or service maintenance prices. Talk to your Service Manager for residential discounts.

Some restrictions apply; other special rates and terms may be available.

LANDMARK IMPLEMENT UPTIME SERVICE PACKAGES

6M/R, 7R, 8R, 9R TRACTORS | \$1,500
WINDROWERS | \$1,500
4, 400, 600, AND 800 SERIES AND HAGIE SPRAYERS | \$2,000

X-SERIES COMBINES | \$3,000

UPTIME AVAILABLE

on new or used equipment within basic factory warranty

- Remote Support Package
- JDLink™ Administration
- Annual Machine Inspection
- Fuel system flush
- Emissions check-up
- Machine utilization reports
- Free travel under regular machine warranty
- Warranty check-up (if eligible)
- No cost for replacement machines
- PowerGard™ protection extended warranty (at an additional cost)
- GUARANTEED UPTIME! **

REQUIREMENTS FOR UPTIME MACHINES

- Machine must be in a valid Operations Center Account
- Used machine must be inspected and all work done prior to purchasing UPTIME package
- If possible the purchase or extension of PowerGard™ is highly recommended
- Tractors must have less than 5,000 hours and be less than 10 years old
- Sprayers must have less than 2,500 hours and be less than 6 years old
- Combines must have less than 1,500 hours and be less than 6 years old

UPTIME Packages automatically renew 12 months after purchase as long as the machine still meets UPTIME requirements.

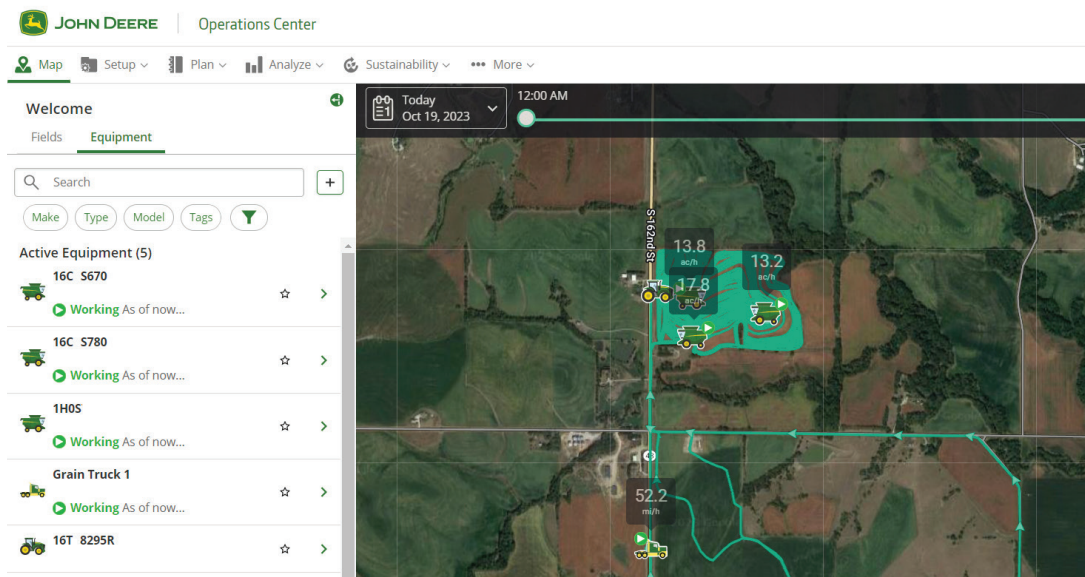

Contact (303)4-UPTIME (303)487-8463 to sign up or renew your UPTIME package on your equipment.

*All service provided at LandMark Implement Dealership Service Department. Pricing subject to change. Separate UPTIME Package available for commercial sprayers.

**Replacement machine is provided after machine is down for over 48 hours. Package renews every 12 months.

Light up your Fleet and Save up to \$300 on a MTG

through October 31, 2025. Offer may be extended or ended without notice.

Unlock real-time location tracking and machine insights that make your operation more efficient.

- Know where your equipment is always. From coordinating incoming semis during harvest or tender trucks in the field during spraying, **knowing exactly where each machine is** can help prevent delays.
- View machine location history in Operations Center. Understand where machines have been, how long they were running, and **what fields they've covered.**
- Compare performance across your fleet. Use the data to **identify which machines are underperforming**, idling too long, or burning more fuel than they should.
- Make informed decisions. With detailed utilization and performance reports, you're able to **improve logistics, plan proactively, and reduce unnecessary downtime.**

¹³ From the field to the office, MTGs keep you connected to your equipment so you can run smarter every day.

LandMark offers custom hauling for over-sized agricultural and commercial equipment across the Midwest **no matter the color, size or type of equipment you operate**. We will take care of the critical aspects of pulling a heavy load, including legal considerations, permits and technical challenges to ensure a safe and successful delivery for you.

Contact: 855-LMHAULS
855-564-2857
dispatch@landmarkhauls.com

Our Fleet Includes:

- 12 Semi Trucks
- RGN Trailers
- Step Deck Trailers
- Oil Tanker
- Flatbed Trailers
- Lube Truck

PARTS

Even the most dependable equipment needs a new part now and then. Our trained professionals understand any significant downtime could be the difference between profit and loss. We are committed to making sure you get the maximum value you demand from your equipment. Give us a call or stop by and talk to your local LandMark Parts Manager to help determine what parts solutions best fits your needs.

CUSTOMER PORTAL

Look up your own parts or check our stock for availability and prices without leaving home on the LandMark Dealer Customer Portal. You are also able to request service, make payments, and view past transactions.

PARTS ONSITE

Make parts availability the least of your worries with John Deere Parts Onsite. Your LandMark Parts Manager will work with you to determine the best parts inventory needed for your operation. Then, you stock the parts at your shop or farm to reduce downtime.

A&I PRODUCTS

A&I Products offers options of after market replacement parts for any color, any age, and at any budget. An economical repair option for your equipment. Whether you have an older John Deere machine or a mixed fleet, A&I offers a solution.

REMAN

Cut costs, not quality with remanufactured (REMAN) parts. REMAN means remanufactured using only 100% John Deere components - Not repaired, rebuilt, or reconditioned - so you can be confident you're getting the best quality replacement possible.

SHOP.DEERE.COM

Choose from a wide range of John Deere parts and merchandise online with shop.deere.com. Shop anytime, choose in-store pick up, or have your order delivered right to your door!

**NO PAYMENT - NO INTEREST
UNTIL MARCH 1, 2026!**

**ON GENUINE JOHN DEERE PARTS, SERVICE
AND ATTACHMENTS PURCHASES! \$200 MINIMUM**

*Offer runs through October 31, 2025. For qualified candidates through John Deere Financial. Price and availability may vary. Some restrictions apply; other special rates and terms may be available. See your local LandMark for details. Plan #12094.

LandMark continues to work to keep your costs down while providing you the best possible service. The LandMark Bulk Oil Program does just that, allowing us to be more efficient with one-stop delivery to your farm offering: engine oil, hydraulic oil, drip oil, ISO 22 and DEF. **Our bulk oil systems work for all farming operations - no matter what color of equipment they operate.**

SCAN TO
ORDER ONLINE

For up-to-date pricing, or if you would like to begin receiving our setup and delivery service for bulk oil, contact your local LandMark Parts Department today! No minimum delivery required.

Take advantage of everything that the program has to offer. If your using more than 2 drums of oil a year than our bulk oil program may be a good solution for you.

- Convenience: free delivery to your farm
- Lower Cost: save money per gallon compared to buckets or drums
- Less Waste: less empty oil containers strewn about your shop
- Extended Lifetime: formulated to perform up to 500 hours in your John Deere engine* Plus-50™ II Engine Oil 15W-40
- Quality Oil: developed by John Deere engineers alongside John Deere engines
- Versatile Application: one solution for engines of any age
- Quality Oil: developed by John Deere engineers alongside John Deere engines
- Our Bulk Hardware program makes it easy for you to manage and store multiple sizes of hardware on your farm, making quick fixes simple and easy.
- We offer different tank assemblies, reels and pump options. A popular set includes two stackable 120-gallon tanks with a stand. Contact your local LandMark Parts Department for full details.
